

# Beginning Driver Experience Log

Beginning drivers under 18 years of age must complete 50 hours (3,000 minutes) of supervised experience in driving a motor vehicle as a condition of receiving a full driver license. Ten hours (600 minutes) of this experience must be completed in darkness.

In rural areas where a driver education course is not offered within a 30-mile radius of the beginning driver's residence, the driver must complete 100 hours (6,000 minutes) of supervised experience, 10 hours (600 minutes) of which must be in darkness.

Beginning drivers and their parent or guardian are required to keep a log of the dates and times of the supervised experience on this form and additional sheets. Completion of the "Conditions and Notes" column is not required.

All completed log sheets, an Affidavit for Minor to Be Licensed (form DLD-102) and a Certificate of Completion of a driver education course (if required) must be submitted prior to the driving skills test.
